Mr. Parker H. Rousseau
257 Broadway
Troy
New York

Dear Mr. Rousseau:

Your secretary has probably by now delivered my message when I visited your office this morning during your absence.

After months of negotiating for a suitable transmitter site in the Heldebergs I can now tell you that definite conclusions are now being reached.

Mr. York has asked me to convey this information to you and explain that immediately current negotiations have crystalized that he will be in contact with you incident to lease discussions of the Troy Hotel space proposed for studios. This should be reasonably soon.

Very truly yours,
