Dear Frank:

Acting on your suggestion today I telephone John Orsini tonight to await receipt of the drawing and specifications from Mr. Kampf before proceeding.

I understand that Mr. Kampf will have these in the hands of the contractors by Friday so that they will be fully instructed on just how to proceed. You said that Mr. Kampf expects to give you a set of instructions Thursday. I hope he does'nt overlook sending me copies also.

My only thought in rushing matters was in the interest of beating the weather. I hope we can still do it. Will telephone you Friday on my return from New York.

Very sincerely,

Ernest A. Barbeau
