Dear Frank:

Before leaving for the balance of the week this afternoon, I wish to confirm the sense of our agreement today with Mr. Reed and Rev. Anderson.

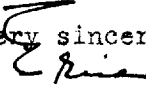

They agreed to make us a definite proposal with one or more alternatives and will try to have it ready for us by next Tuesday, July 22nd.

I feel this is progress indeed if we can depend upon them to keep this promise. If we can get them to say "yes" in terms that mean business and in a manner mutually agreeable, the matter of actually deciding on the particular site is of secondary importance.

I will be in contact with these gentlemen on Monday. If they are then ready to submit their proposal, I will drive to the mountain Tuesday morning.

Kindest regards.

Very sincerely,

Ernest A. Barbeau
