Mr. Frank L. York
General Manager
The Troy Record Company
Troy
New York

Dear Frank:

Before leaving tonight I thought it best to be rather specific with Parker Rousseau on the nature of the information we must have on the proposed studio space soon to be available in Hotel Troy.

I have written him per the attached and have given him a questionnaire as a guide. He may not be able to develop all of the data but if he comes up with the principal information, it may do, at least to the extent of determining if the space is satisfactory for our purpose.

It was agreed that no inquiry will be made this week of the Albany Bible School on the site situation. I have a feeling that we may hear something before the end of the week.

You also said you would follow through on the idea of the Troy Realty Board. I don't suppose it will do any harm to continue with Parker Rousseau in event you tie in with the former. He knows our requirements and may possibly come up with something. Who knows?

I will appreciate receiving a copy of the letter recently received from John Barron containing the miscellaneous data of all the regional FM stations tabulated by him from FCC records. I meant to ask your secretary for it today but forgot.

Will contact you by telephone Friday morning before noon. I should be back from the west by that time.

Very sincerely,

Ernest A. Barbeau
