Dear Frank:

After leaving your office this noon, I went back to Albany and tried contacting a few people incident to expediting the closing of your purchase of the La Grange property on Pinnacle mountain. No luck anywhere. Its Election Day and I guess all the good Democrats are out voting. I voted for one good Democrat myself today.

Tried to reach Drake again. Gone for the day. I also had no luck calling Emil Peters of GE on abstract papers. Plant closed. Kampf was off somewhere and then I went back to Schenectady.

Later this afternoon I had a telephone call from Mrs. La Grange who talked from her sick bed. She asked me to act for her and get things under way with her attorney, John Scully, Albany. I could'nt reach Scully after hours of effort and gave up. Frankly, I would call it a day of complete frustration. However, I wrote a batch of letters with a suggested procedure which should start things moving. Copies are enclosed. I'll keep pushing all possible meantime.

I'm expecting immediate action and will see that we get it - and fast.

Very sincerely,
