Mr. Alex Sherwood
Standard Radio Transcription Services, Inc.
1 East 54th Street
New York 22, N. Y.

Dear Mr. Sherwood:

Thank you for your letter of the 3rd with enclosure.

Because our plans for the Troy Record are still in the formative stage it is rather impossible at this time to make any definite decisions or commitments on the transcription libraries we will use.

I have always favorably considered STANDARD RADIO as among the leading services and you may be sure that before deciding on any service, we will certainly give your proposition every consideration.

I suggest you contact me early in June. Perhaps by that time we may have proceeded far enough with our planning to at least indicate which way our programming will go.

Cordially yours,

EAB/MV
